

ROCKLAND COUNTY SCHOOL HEALTH AND WELLNESS COALITION
working together to have the healthiest students, staff and school communities in the Nation

Statement of Commitment - Business

(Name of Business) _____, is committed to being an active member of the Rockland County School Health and Wellness Coalition (School Coalition), an initiative of Steps to a Healthier Rockland and a program of the Rockland County Department of Health. We believe in the vision and mission of the School Coalition and are committed to the process of planning and collaboration and to the time that takes.

The benefits of our free membership include:

- Opportunities to:
 - Network between schools, community organizations and businesses
 - Promote the needs and resources of our business
 - Exchange current information on school and community health
 - Collaborate on grants and projects
- Notification of grant announcements

As evidence of our commitment, our business agrees to do the following:

- Appoint a representative(s) to attend and participate in School Coalition meetings and activities
- Keep informed of School Coalition decisions and activities through meeting minutes, reports and materials
- Disseminate relevant information to our constituents and/or employees through list serves, websites, and newsletters
- Share our expertise and resources when needed to implement the activities of the School Coalition
- Provide connections to other key businesses, organizations or individuals

In return for our commitment, the School Coalition will provide:

- Leadership in Coordinated School Health for Rockland County
- Meaningful professional development opportunities
- Current information on health issues concerning youth, schools and the community
- Announcements of meetings and meeting minutes
