

ROCKLAND COUNTY SCHOOL HEALTH AND WELLNESS COALITION
working together to have the healthiest students, staff and school communities in the Nation

Statement of Commitment - Individual

I, _____, am committed to being an active member of the Rockland County School Health and Wellness Coalition (School Coalition), an initiative of Steps to a Healthier Rockland and a program of the Rockland County Department of Health. I believe in the vision and mission of the School Coalition and am committed to the process of planning and collaboration and to the time that takes.

The benefits of my free membership include:

- Opportunities to:
 - Network between schools and community organizations
 - Advocate for the needs and resources of which I am aware
 - Exchange current information on school and community health
 - Collaborate on grants and projects
- Notification of grant announcements

As evidence of my commitment, I agree to do the following:

- Attend and participate in School Coalition meetings and activities
- Keep informed of School Coalition decisions and activities through meeting minutes, reports and materials
- Disseminate relevant information
- Share my expertise and resources when needed to implement the activities of the School Coalition
- Provide connections to other key organizations or individuals when appropriate

In return for my commitment, the School Coalition will provide:

- Leadership in Coordinated School Health for Rockland County
- Meaningful professional development opportunities
- Current information on health issues concerning youth, schools and the community
- Announcements of meetings and meeting minutes

My signature as a sign of agreement:
